### Filling-up Annex A – APCPI Self-assessment Form (APCPI worksheet)

1. Please indicate the agency name, date of completion of self-assessment, name of evaluator and permanent position.
2. If any explanation is needed for the result of each sub-indicator, these may be inputted in the Comments/Findings column.
3. APCPI Rating is based on the APCPI Rating System found in Annex C of the User's Guide. Use this rating system for the self-assessment. After completing the assessment, identify those Sub-indicators with ratings between 0 to 2 and formulate a procurement capacity development plan called the APCPI Action Plan based on the attached format and submit to GPPB for monitoring.

### Filling-up Annex B.1 – Consolidated Procurement Monitoring Report (CPMR) (CPMR worksheet)

1. Please indicate the assessment year whose data and information is being collated and assessed.
2. In Column 2, record the ABCs of all projects, activities and programs as consolidated per method of procurement as classified in the APP.

*Note: In Row 2.1.3 (Others – Shopping), these are items procured through Sections 52.1 a and b with ABCs Php 50,000.00 or less.*

*Note: In Row 2.2.1 and 2.2.2 (Direct Contracting), include procurement under WETI Guidelines only if these were procured within the year being assessed.*

*Note: In Rows 2.5.5 and 2.5.6 (Others – Negotiated Procurement), these are items procured through other modes under Section 53 divided further by those with ABCs above Php 50,000 or those with ABCs Php 50,000.00 or less.*

3. In Column 3, record the quantity of all projects, activities and programs as consolidated per method of procurement, corresponding to the amount recorded in Column 2.

*Note: Items procured by lot shall be counted on a per lot basis.*

4. In column 4, record the quantity of all awarded projects, activities and programs as consolidated per

method of procurement, corresponding to the procurement activity it is included.

5. In Column 5, record the Amount of Award of all projects, activities and programs as consolidated per method of procurement as classified in the PMR.
6. In Column 6, record the quantity of all failed projects, activities and programs as consolidated per method of procurement, corresponding to the procurement activity it is included.

*Note: Once a procurement activity has been declared failed, its activity has already ended. If rebidding commences, it will be counted as a different procurement activity. Hence, another count is added to Column 3 but not necessarily for Column 2, unless there is adjustment of ABC, in which case the adjusted additional amount of the ABC should only be counted.*

7. In Column 7, record the total number of companies, suppliers, contractors, firms, individual consultants or bidders that have acquired bidding documents for each procurement activity given in Column 3 for each type of public bidding.

*Note: If bidding documents are free, include the number of acquisitions per procurement activity in PhilGEPS to the number originally obtain from actual count.*

8. In Column 8, record the total number of companies, suppliers, contractors, firms, individual consultants or bidders that have submitted their bids for each procurement activity given in Column 3 and out of the number given in Column 7.

*Note: The number in Column 8 may only be less than or equal to entry in Column 7.*

9. In Column 9, record the total number of companies, suppliers, contractors, firms, individual consultants or bidders that have passed evaluation of submitted legal and technical documents for each procurement activity given in Column 3 and out of the number given in Column 8.

*Note: The number in Column 9 may only be less than or equal to entry in Column 8.*

10. In Column 10, record the quantity of all projects, activities and programs as consolidated per method of procurement, which **should not exceed** the recorded number in Column 3, as published in PhilGEPS.

*Note: Posting multiple lots or line items at a single time are done for efficiency purposes. Like posting of an individual procurement opportunity, multiples should be counted as multiple postings since these correspond to entries counted in Columns 2 to 6.*

11. In Column 11, record the quantity of all awarded projects, activities and programs as consolidated per method of procurement, which **should not exceed** the recorded number in Column 4, as a published opportunity in PhilGEPS.

*Note: Posting awards for multiple lots or line items at a single time are done for efficiency purposes.*

*Like posting of an individual awarded procurement, multiples should be counted as multiple postings since these correspond to entries counted in Columns 2 to 6, regardless of the number of winning companies, suppliers, contractors, firms or individual bidders.*

12. In Column 12, record the quantity of all awarded projects, activities and programs that incurred negative slippage during delivery corresponding to the awarded quantities declared in Column 4.

*Note: Negative slippage is commonly identified as any delay in the scheduled delivery of items, phases, services and/or the like.*

13. In Column 13, record the quantity of all awarded projects, activities and programs that have amendments or variations before the delivery corresponding to the awarded quantities declared in Column 4.

*Note: Amendment or variation order is commonly identified as any change in design or specification before the delivery of items, phases, services and/or the like.*

14. In Column 14, record the quantity of all awarded projects, activities and programs that have been realized into a contract three (3) months from the opening of bids up to the award of contract which **should not exceed** the awarded quantities declared in Column 4.

**PROCUREMENT CAPACITY DEVELOPMENT ACTION PLAN TEMPLATE**

Name of Agency: PHILIPPINE SCIENCE HIGH SCHOOL CALABARZON REGION CAMPUS

Period: 2022

Sub-Indicators	Key Area for Development	Proposed Actions to Address Key Areas	Responsible Entity	Timetable	Resources Needed
1.a	Percentage of competitive bidding and limited source bidding contracts in terms of amount of total procurement	<p>Since majority of the considerations that led to this rating were results of mediocre to average procurement planning and strategizing, the following actions may yield positive results once implemented:</p> <p>Conduct a campus-wide budget call and require all end-users (teachers and staff) to submit their respective budget proposals with its corresponding PPMP and Terms of Reference (TOR). Collect all the proposals and group them according to the urgency and necessity for the immediate implementation of the project. Proposed projects that need immediate implementation shall be prioritized in drafting the proposed Annual Procurement Plan. Proposals that made it through the cut and are included in the APP shall be grouped anew, now based on the nature of items to be procured in the implementation of the project. Carefully study and analyze every detail of every proposal that were grouped together (especially those that are to be procured thru Alternative Modes and are seemingly "piecemeal" in nature) and explore the possibilities of merging two or more corresponding procurement activities in a single, consolidated and cohesive activity that may be procured thru Public Bidding.</p>	Finance and Administration Division Chief, Budget Officer, Procurement, Supply and Property Officer, Bids and Awards Committee, Bids and Awards Committee Secretariat, Technical Working Group, End-Users	One Semester prior the issuance of a National Budget Call by the DBM for a specific Fiscal Year	approved budget proposals with PPMP; Terms of Reference for the proposed procurement projects (data on both PPMP and TOR shall be based on results of an actual market study conducted by the requestor / end-user of the project; the study shall not be limited to the specifications and the current pricing of the goods alone but must also include other considerations such as inflation rates, availability of counterparts, importation lead time, etc)
1.b	Percentage of competitive bidding and limited source bidding contracts in terms of volume of total procurement	<p>This can also be attributed to poor procurement planning resulting from the lack of communication / coordination between or among concerned end-users; evident in the number/volume of "piecemeal" procurement activities for similarly-natured goods or services conducted on dates having close proximity with one another.</p> <p>For projects involving the procurement of items whose quantity and composition may be determined way ahead of time (promotional tarpaulin, plaques, medals, tokens and the likes), the proposed course of action for Sub-indicator 1.a may be adapted.</p> <p>For projects involving oppositely-natured items than what was mentioned above (supplies and materials to be used in the conduct of an activity), end users who are commonly tasked to facilitate or supervise the conduct of an activity in line with a certain celebration or occasion shall closely coordinate and communicate with one another to come up with a single, consolidated and cohesive procurement request for similarly-natured supplies and materials needed in the conduct of the activity.</p>	Finance and Administration Division Chief, Budget Officer, Procurement, Supply and Property Officer, Bids and Awards Committee, Bids and Awards Committee Secretariat, Technical Working Group, End-Users	One Semester prior the issuance of a National Budget Call by the DBM for a specific Fiscal Year	approved budget proposals with PPMP; Terms of Reference for the proposed procurement projects (data on both PPMP and TOR shall be based on results of an actual market study conducted by the requestor / end-user of the project; the study shall not be limited to the specifications and the current pricing of the goods alone but must also include other considerations such as inflation rates, availability of counterparts, importation lead time, etc)
2.a	Percentage of shopping contracts in terms of amount of total procurement				

2.b	Percentage of negotiated contracts in terms of amount of total procurement	This may be attributed to the total amount of contracts awarded thru all forms of Negotiated Procurement (except for Agency-to-Agency); This means that the only available solution to deal with it is either of the two: Non-performance / cancellation of all procurement activities that fall under Negotiated Procurement or adapting the proposed course of action for Sub-indicators 1.a and 1.b before reverting back to the default method of procurement prescribed in RA 9184 and its revised IRR which is Public Bidding.	Finance and Administration Division Chief, Budget Officer, Procurement, Supply and Property Officer, Bids and Awards Committee, Bids and Awards Committee Secretariat, Technical Working Group, End-Users	One Semester prior the issuance of a National Budget Call by the DBM for a specific Fiscal Year	approved budget proposals with PPMP; Terms of Reference for the proposed procurement projects (data on both PPMP and TOR shall be based on results of an actual market study conducted by the requestor / end-user of the project; the study shall not be limited to the specifications and the current pricing of the goods alone but must also include other considerations such as inflation rates, availability of counterparts, importation lead time, etc)
2.c	Percentage of direct contracting in terms of amount of total procurement				
2.d	Percentage of repeat order contracts in terms of amount of total procurement				
2.e	Compliance with Repeat Order procedures				
2.f	Compliance with Limited Source Bidding procedures				
3.a	Average number of entities who acquired bidding documents	<p>Attending GPPB's Seminar Workshop on Technical Specifications Writing and applying the learnings in the preparation of a solid, competent, clear and unbiased Terms of Reference for the Procurement Project. The details and information reflected on this TOR shall be based on results of actual and thorough market study that was conducted for purposes that are in line with the performance of this procurement activity. Likewise, information provided in the TOR shall not be limited to the specifications and the current pricing of the goods alone but must also include other considerations that significantly affect the price and value of products in the market that are often missed out such as after-sales support coverage, availability of replacement parts and consumables in the local market, repairability of an item (whenever applicable) and related timely considerations, importation lead time, etc. A TOR that meets these standards provides more suppliers with equal opportunity to be eligible to win the bid. For future procurement, such condition is achieved by eliminating and avoiding the use of restrictive and confining provisions in any part of the procurement document beginning from the TOR, that may be used to bring about some restrictions and limitations that have potent effects over non-functional details or aspects of the item / project and zero to insignificant effect on its functionality. Impartiality opens the opportunity to everyone!</p> <p>Conduct pre-procurement and pre-bid conferences that gives strong emphasis on the correction and rectification of identifiable issues, errors and lapses in the procurement documents and processes. Emphasis shall likewise be given to the effective identification and pinpointing of details in the procurement that has the potential to become troublesome as the activity progresses, pro-active monitoring of those risk factors and the contingency measures to be done if things turns out badly.</p>	Bids and Awards Committee, BAC Secretariat, Procurement Officer, End-users, Technical Working Group, Convasser	<p>Attendance to the seminar / workshop shall be done as soon as availability permits it.</p> <p>The rest must be planned accordingly prior the commencement of procurement activities up until the full consumption of the contract.</p>	Training fees, all forms and media of communication, agency website and PhilGEPS website

3.b	Average number of bidders who submitted bids	<p>in addition to what was stated on 3.a, the following actions shall be performed for bid submissions to materialize:</p> <p>Providing fair and justifiable assistance to suppliers who have signified their intent to participate in the procurement project should they need it.</p> <p>Maintaining a constant communication with prospected suppliers and provide them with reminders and updates pertaining to the procurement project. Updating every participant with progresses in the procurement activity up until their entry has been eliminated is one gesture to show them your appreciation and gratitude.</p> <p>Having every supplier and service provider feel your appreciation will keep them coming back in the future.</p>	Bids and Awards Committee, BAC Secretariat, Procurement Officer, End-users, Technical Working Group, Canvasser	<p>Attendance to the seminar / workshop shall be done as soon as availability permits it.</p> <p>The rest must be planned accordingly prior the commencement of procurement activities up until the full consumption of the contract.</p>	Training fees, all forms and media of communication, agency website and PhilGEPS website
3.c	Average number of bidders who passed eligibility stage	The same actions to be done on 3.a and 3.b shall be performed for this sub-indicator with emphasis on extending fair and justifiable assistance to every participant who needs help.	Bids and Awards Committee, BAC Secretariat, Procurement Officer, End-users, Technical Working Group, Canvasser	<p>Attendance to the seminar / workshop shall be done as soon as availability permits it.</p> <p>The rest must be planned accordingly prior the commencement of procurement activities up until the full consumption of the contract.</p>	Training fees, all forms and media of communication, agency website and PhilGEPS website
