TERMS OF REFERENCE FOR THE PROCUREMENT OF LABORATORY SUPPLIES & EQUIPMENT FOR BIOLOGY, CHEMISTRY, PHYSICS AND RESEARCH SUBJECT

I. Background

The Philippine Science High School is mandated by the government to provide secondary education with emphasis on science and technology with the aim of preparing its students for STEM-related careers. The curriculum was designed to equip students with the knowledge, skills, and attitudes that are deemed to be essential in preparing for a STEMrelated career. This aim is realized when instruction is aided with appropriate supplies and equipment.

II. Rationale

Experimenting with various science subjects such as Biology, Chemistry, Physics, and Research is essential since it will help students understand actual laboratory concepts. In preparation for next school year 2024 - 2025, increased use of laboratory materials will be observed; therefore, the school must purchase laboratory materials for laboratory experiments. Enough resources will help the science teachers teach their students the importance of science subjects in their daily life activities.

III. Scope of Work and Job Specifications

The service provider should provide the listed laboratory supplies following the required specifications indicated for each item (See Enclosure No.1).

IV. Approved Budget for the Contract

The approved budget for the contract is Three Hundred Eight Thousand Four Hundred Thirteen Pesos (Php 308, 413.00).

V. Evaluation and Selection Criteria

Proposal with the lowest calculated bid with complete specification and required documents shall be accepted.

VI. Payment Scheme

Payment for the procured items shall be made 30 to 45 day(s) the said items are delivered to the procuring entity.

VI. Delivery Term

All items must be delivered within 30 to 60 days after issuance of purchase order.

VII. Mode of Procurement

Small - Value Procurement
